

SUMMER CAMP FOR MIDDLE SCHOOL STUDENTS

JULY 26-30, 2010

AT

NIAGARA CAREER AND TECHNICAL EDUCATION CENTER
3181 SAUNDERS SETTLEMENT ROAD, SANBORN

CSI-Crime Scene Investigation

Students will learn about crime solving by studying a crime scene and analyzing the evidence just like a forensic scientist would.

Engineering Design

Students will design and build a project using the latest advanced manufacturing equipment and learn to program & control a basic Robot.

Foods of the World

This class gives students the opportunity to explore foods from different countries. With supervision young chefs will prepare foods that are easy, fun, healthy and ethnic with an emphasis on safety, nutrition and cooking skills in our state of the art commercial kitchen

Nanny 911

We'll find out how to get and keep a babysitting job and to care for and guide children. The class will make a babysitters bag, fun snacks, practice first aid, create a toy and learn different ways to play with children!

Runway to Fashion

An introduction to the fashion world. Students will learn the basics of sketching designs using croquis just like the pros. Using basic design techniques students will embellish a basic t-shirt into a one-of-kind fashion using paints, sequins, buttons and hand sewing techniques.

Fast and Furious

Students will design, build and race model cars. Competitions will be judged on speed, design and endurance.

Spa Specialty

Students will be engaged in the ultimate spa experience. Students will learn proper skin care necessary for maintaining a healthy well-being. Students will learn the necessary steps for facials and a daily routine for maintaining their skin, along with manicure, pedicure and the application of nail art.

Aspiring Art Directors

There's a new product on the market and you are in charge of creating the ad campaign. Students will use state of the art Macintosh computers, software, and digital cameras to create posters, buttons and a commercial to promote their product.
